TTCT Preparatory Course 2022

The purpose of a Preparatory Teaching Course is to give musicians the opportunity to explore their skills as aspiring teachers. This course would be the next step in the Comhaltas Education Programme and would bridge the gap between the SCT and the TTCT. While a candidate gains their valuable teaching experience necessary for entrance to the TTCT, this course gives the teacher guidelines and the incentive to further enhance their potential. This one day course is aimed at potential teachers from 16 years of age and up. No previous teaching experience is required. This course also provides an incentive for current TTCT teachers to refresh their knowledge and skills if they so wish.

The Course covers Methodology, Common Repertoire Types, Child Protection, SCT as a teaching tool, Teaching Practice/Demonstration and concludes with Reflection and Discussion

Date: **Sunday 18th September 2022**
Time: **10.00am – 5.00pm.**
Course Fee: **€75**

Venues: We are running one Preparatory Teaching Course in each province.
